ACADEMY JOINT MEETING IN FLORENCE, ITALY NOVEMBER 2006

It is a pleasure to invite members of the Academy to a joint meeting with the Organizzazione di Psicoanalisti Italiani-Federazione e Registro (OPIFER) in Florence, November 10-12, 2006. This meeting celebrates the tenth anniversary of the founding of OPIFER. The President of OPIFER, Dr. Sergio Caruso, and its Executive Board have graciously invited Academy members to join them on this important occasion.

The topic of the Congresso nazionale di OPIFER is "Una normale felicità," a normal, average happiness. It refers to Freud's observation that the aim of psychoanalysis is not to grant a person "happiness," but rather to transform "neurotic misery" into a "common unhappiness," ("Psychotherapy of Hysteria"). The conference will explore the issue of whether psychoanalysis can achieve more than Freud thought. There will be panels on psychoanalysis and science and on psychoanalysis and the perception of art. There will be a presentation of the clinical approaches of the various local societies which are members of OPIFER. The Academy will also be participating in the program.

The meeting will be held close to the center of Florence. As soon as we receive your registration form, we will send you information about hotels. Because these are uncertain times, we will be flexible regarding cancellations and only a nominal administrative fee will be charged in the event of a cancellation. Hotel space is limited so we urge you to register as soon as possible for this outstanding event.

Sincerely yours,

Jules R. Bemporad, M.D.
